Metamark MD-P – 100 Micron Intermediate Grade Vinyl

Metamark MD-P has a 100 micron film and a permanent adhesive. It has been developed to offer more rigidity when performing 'print and cut' work. It also offers easier application to flat panels, and is therefore suitable for larger promotion prints, that can be applied easily and it resists edge curling.

- **100 Micron Monomeric Calendered Vinyl** **MDP-200** White Gloss
- **Permanent Clear Based Solvent-Based Adhesive** **MDP-301M** White Matt
- **Durability 4 Years (unprinted)**
- **For Print and Cut, or Flat Panel Application** **Matched Overlaminate - MetaGuard 300**
