

Textile and Canvas

Metamark MD-AC2 – Art Canvas

Metamark MD-AC2 is a high quality art canvas suitable for fine art prints, using solvent or eco solvent inks. The 100% cotton product has a natural feel and refined weave, to give a high quality finish and excellent colour reproduction. It has a relatively bright white, semi matt finish. It is water resistant, and has good resistance to edge cracking and abrasion, even with low solvent inks.

- 435gsm MD-AC2 Art Canvas
- 100% Cotton Canvas
- Long Term Indoor Use. Water-Fast
- For Tensioned Fine Art Prints

Roll Width	Roll Length	price £ per roll + vat		
		1-2 rolls	3-4 rolls	5+ rolls

1520mm	5m	61.60		
	15m	156.70	145.20	134.50

Metamark MD-TF2 – Textile Flag

Metamark Textile Flag is made from a 90gsm, fine net type fabric, offering a high 'strike-through' of the ink to provide double sided banners (the reverse image is mirrored). It has a removable release liner, stopping the ink and providing rigidity when printing. It is flame retardant and can be used indoors or outdoors.

- 90gsm MD-TF2 Textile Flag
- Fine 'Net' Polyester
- Fire Retardant
- Waterproof for Outdoor Use
- For Double Sided Flags (Back Image is Reversed)
