

## Textile and Canvas

### Metamark MD-TB – Textile Banner

This product provides exciting new banner and display opportunities, as an alternative to PVC banners. The 200gsm textile has a special polymer coating on the printing surface to produce outstanding image quality and vibrancy. It is highly flexible, tear resistant and being fire retardant, can be used for indoor banners, displays and exhibitions. It is waterproof, so is suitable for outdoor use. As a textile, this product has environmental benefits compared to PVC banners.

- 200gsm Polyester
- Fire Retardant to DIN 4102 B1
- Waterproof for Outdoor Use
- Lightweight and PVC Free
- For Single Sided Textile Banners
