Metamark MD-WA – WallArt

Metamark 'WallArt' offers an ideal solution for printable wall coverings, including retail and leisure, exhibition and home décor applications, enhancing the opportunities available for wall decor. The textured weave finish provides an attractive appearance without lamination, and gives a highly vibrant print image. It retains greater intensity of the colours compared to traditional textile or paper based products. The PVC film has high level of opacity, and makes for no show-through on overlap joins. The MetaScape air release adhesive allows for ease of handling and a clean trouble-free installation. It is printable with Solvent, Eco Solvent, Latex and UV printers.

- 150 Micron PVC
 - Texture Finish for use without Overlamination
 - MetaScape Air Adhesive System
 - For Wall Covering Applications
- MD-WA-01** Artisan
MD-WA-02 SandTex

Metamark MD-MW 'MetaWalk' – DécorMark Textured Floor Graphic

Metamark 'MetaWalk' is a textured media designed for temporary, floor graphics, applied to smooth, indoor floor surfaces in good condition. MD-MW is a one-part system, which can withstand regular levels of foot traffic and has an anti-slip finish tested in accordance with BS 7676-2:2002 certification (Slider 96) and UK Slip Resistance Guidelines. Risk assessment results are for MD-MW spec at point of manufacture, see PTV Report for further details. Slip resistance may alter with printing process. It is the responsibility of the installer to determine suitability and monitor any wear and tear. It gives a highly vibrant print image, retaining greater intensity of the colours, and has a high level of opacity. The self-adhesive 150 micron PVC film with MetaScape air release adhesive allows for clean, easy handling and is printable with Solvent, Eco Solvent, Latex and UV printers.
