M5000 Reflective – Engineering Grade

M5000 series is a high quality engineering grade reflective suitable for safety signs and high visibility vehicle markings, where permitted. It offers ease of application due to its robust PET type film, so does not suffer the brittleness or tearing common to applying reflective materials. It has a 7 year exterior durability. It is suitable for application on flat panels or simple curves and can be computer cut. (Not suitable for use on compound curves or recesses.)

- Durability 7 years
- 120 micron PET Film
- Engineering Grade Reflective
