

## Vehicle Wrap Training - 2 Day Academy Course

### Course Overview

The Metamark Vehicle Wrap Training Course specialises in the art of vehicle wrapping with MetaCast® and MetaWrap™ films.

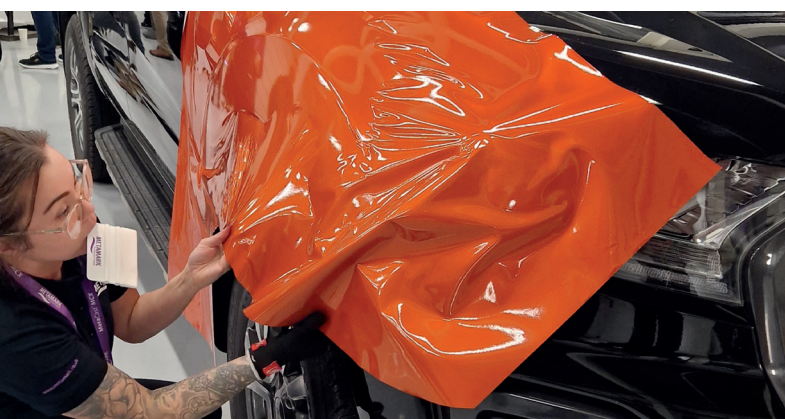

Our aim is to provide the most extensive training. Located in a bespoke training facility, the two day course will cover full preparation, the correct tools, installation and vehicle conditions, as well as basic and advanced 3D wrapping techniques.

The course is hands on, meaning you get the chance to put your skills into practice. Whether you're looking to upskill, refresh your knowledge or go totally back to basics, the course is designed to suit every ability.

### Product Training

MetaCast® MCX  
MetaCast® MDC  
MetaWrap™ MDX  
Metamark CC Series
