Metamark House, Genesis Business Park, Woking, GU21 5RW, UK
Luneside, New Quay Road, Lancaster, LA1 5QP, UK

Warranty: Metamark (UK) Limited warrants to its customer that graphics and markings produced using Metamark MetaWrap™ Digital Media and / or MetaGuard MDX Laminate will remain in satisfactory condition for a term no less than that defined in the technical literature. If within the term as outlined, Metamark, at its sole discretion, judges that graphics and markings produced using its materials have suffered unacceptable degradation, Metamark will provide sufficient materials to enable the production of replacement graphics or markings. Metamark further warrants that its materials will be supplied free of defects incurred in manufacturing and undertakes to replace, free of charge, any materials it judges to be defective upon examination. Performance you can trust

MetaWrap™

Cylinder Cast Digital Wrap Film

MetaWrap™ | Cylinder Cast Digital Wrap Film

Conformability

Developed to conform over the most challenging surfaces, making it ideal for total vehicle wraps.

Adhesive Technologies

MetaWrap™ is available with the choice of two adhesive technologies, designed to optimise ease of handling.

Vibrant Graphics

Supplied with grey blockout adhesive, MetaWrap™ produces vibrant prints with minimal substrate show through.

1600mm Roll Widths

MetaWrap™ is available at 1600mm width, allowing vehicle doors to be wrapped in one drop without joins.

MetaSure Warranty

MetaWrap™ is backed by our MetaSure warranty, giving our assurance of product conformity and compliance, and you peace of mind.

Why choose MetaWrap™?

MetaWrap™ is manufactured differently to other wrapping films. That's why it resets wrapping economics. MetaWrap™ is used by those who are on wrapping's learning curve and by those with years of experience who appreciate the MetaWrap™ difference. MetaWrap™ comes in a selection of variations with specialist adhesives and added features making it suitable for a huge range of applications where performance and trust are critical.

MetaWrap™ MD-X

Cylinder Cast Digital Wrap Film with MetaScape®

Developed to flow and conform over the most challenging surfaces. Supplied with MetaScape® air release adhesive system to allow quick and easy application on compound curves as well as moderate recesses. The grey blockout adhesive ensures vibrant graphics and minimal substrate show through, as well as clean removal.

MetaWrap™ MD-XB

Cylinder Cast Digital Wrap Film

Developed with full coverage adhesive making it suitable for deeper channels and recesses, and the most challenging surfaces. The Apex adhesive system gives assurance of high performance and trouble free application. The film offers high levels of dimensional stability, and brilliant colour reproduction. MD-XB is also available as MD-X-105 Clear Gloss, supplied with Apex clear adhesive.

MetaWrap™ MD-X

Cylinder Cast Digital Wrap Film with MetaScape®

Cylinder Cast digital wrapping media, developed to conform over the most challenging surfaces. Supplied with MetaScape® air release adhesive system.

Adhesive Technologies

MetaScape® air release adhesive offers faster, trouble-free application of large areas, for flat or curved surfaces. Suitable for dry application methods.

Apex adhesive is a high quality, fully cross linked, solvent-based adhesive that provides a secure bond to the substrate after application.

MetaSure Warranty

MetaWrap™ is backed by our MetaSure warranty. Our MetaSure warranty offers peace of mind, and our assurance of product conformity and compliance.

*Durability – 7 years (unprinted). Vertical exposure under Northern European conditions. For other regions and climates, refer to our full Durability Guide found on our website.
