Gauge (mm)	0.14 nominal

Adhesive	
Type	Solvent Free Acrylic
Adhesion	0.90N/cm nominal

Liner	
Colour	White
Type	Siliconised PP

Finishes	
Finishes Available	PT750X

Roll Presentation	
Roll Widths	0.75m
Roll Lengths	25m

Compliance	
Compliance	REACH Compliant

Application Guidelines MD-MX

- Print and cut the image, orientated the correct way round. Always perform a test first.

- Once weeded, apply PT750X application tape to lift the print. The product can be applied to the textile using a heat transfer press, applying pressure through the application tape.

- Press first for 8-10 seconds, remove the application tape, then covering the image with a silicone-release paper and pressing for 17 sec. Please note that these guidelines may vary.

MetaSure® Warranty

Metamark (UK) Limited warrants to its customers this product meets the stated specification. If within the specified years of normal use Metamark products becomes ineffective for its intended use, then Metamark will replace the product. In all cases, the converter is held fully responsible for storing, processing and applying the unconverted materials in accordance with Metamark's technical specifications.
