MetaWrap MD-X

Cylinder Cast Digital Wrapping Media with
Blockout MetaScape® System

MetaWrap MD-X is a 50 micron ultra-conformable, extensible
digital wrapping media, supplied with the MetaScape® air
release adhesive system to allow quick and easy application
on compound curves as well as moderate recesses. The soft
film has been developed to flow and conform over the most
challenging surfaces so it's ideal for total vehicle wraps.

The grey blockout adhesive ensures vibrant graphics and
minimal substrate show through. The film offers high levels
of dimensional stability and brilliant colour reproduction on
Solvent, Eco-Solvent and Latex printers.
