

## MetaGuard 620

Optically Clear Polyester Overlamine

**MetaGuard 620** is an abrasion resistant high gloss self-adhesive overlamine suitable for cold lamination. The optically clear film offers a very high level of UV protection, maintaining the colour vibrancy of the laminated print, and exhibits good protection against commonplace chemicals and graffiti.

**MetaGuard 620** provides a matched system for overlaminating Metamark Clear Vision. It offers excellent performance at a lower cost than a PVDF overlamine.

Performance you can trust
