

# Metamark MD-FL510

Premium Laminated PVC Digital Banner

**Metamark MD-FL510** is a high quality, coated PVC banner suitable for a wide range of banner applications. It can be printed with most modern inks and produces superb print results, whilst it also offers very good tear strength, and is resistant to cracking at low temperatures.

The bright white matt finish remains white without yellowing or other discolouration. It should be printed on the smooth side, and is supplied reverse wound.

**Performance you can trust**
