Performance you can trust

## Premium Cast Automotive Colour Wrap Film

**MetaCast®** MCX is a premium cast automotive colour change film, offering wrap professionals the ultimate performance for full vehicle wraps.

**MetaCast®** MCX has a range specified to include contemporary and brand colours, as well as a number of Metamark Inspire Colours™ developed to reproduce some of the most desirable OEM paint colours in a wrap film.

**MetaCast®** MCX is an advanced premium cast film, combined with MetaGlide® air release technology. This micro channel air release system gives an optimal performance with enhanced repositionability and high adhesive strength. This gives total confidence when fitting into 3D channels and recesses.

**MetaCast®** MCX is backed by our MetaSure™ Warranty, offering up to 12 years durability¹.

### MetaCast® MCX Inspire Colours™

Colour is everything when it comes to personalising your vehicle. That is why we came up with Metamark Inspire Colours™. These colours were developed to reproduce some of the most desirable OEM paint colours from leading manufacturers.

These colours have the additional <sup>in</sup> annotation.

<sup>1</sup> Zone 1 - Vertical exposure under Northern European conditions. For other regions and climates in regards to material external weathering, please refer to our full Durability Guide found on our website. All information stated is correct at time of creation.

These colours have been matched closely, but are representative. Please contact our sales team if you are interested in seeing an official swatch.
