- Suitable for computer cut graphics
- Up to 3 years durability

Face Film	
Face Film	Polymeric Calendered PVC
Gauge (ISO 2286-3)	80 micron nominal
Shrinkage	< 2%
Adhesive	
Type	Permanent Acrylic
Adhesion after 48 hours	High
Perceived tack	Medium
Application temperature	+10°C to +50°C
Service temperature	-30°C to +70°C
Release Liner	
Print	Unprinted
Weight	120 gsm nominal
Type	Kraft

Finishes		
Finishes Available	MF-910	Black Satin Finish
Durability		
Shelf Life	2 years. (10-20°C and 50% R.H).	
External weathering	3 years. Northern European conditions, vertical. Refer to full Metamark International durability guide	
Fire Rating	Self Extinguishing DIN75200	
Chemical Resistance	Unprinted film resistant to mild acids, aliphatic solvents, salt and alkali, diesel, gasoline, paraffin, hydraulic oil, antifreeze.	
Regulations	REACH and RoHS Compliant.	

### Application

- Ideal for use on PVC banner fabric
- Suitable for computer cut graphics
- It is not suitable for application onto curtain sided vehicles
- For use on flexible PVC banners
- Suitable for dry application

### MetaSure Warranty

Metamark (UK) Limited warrants to its customers that graphics produced using Metamark Media and Overlaminates will remain in good condition without excessive fading or colour degradation for the specified life time of the ink used, when correctly stored, printed and applied in accordance with procedures outlined in the technical literature. If within the specified years of normal use Metamark Media and Overlaminates becomes ineffective for its intended use, then Metamark will provide sufficient material to produce a new replacement marking, and will at its own discretion, contribute an allowance in additional material towards the costs involved in replacing the graphics. In all cases, the converter is held fully responsible for storing, processing and applying the unconverted materials in accordance with Metamark's technical specifications. Metamark (UK) Limited will not be liable for any indirect or consequential loss or damage, and will not provide any allowance against improper usage, application accident, negligence, chemical damage or improper repair. The above data is given in good faith to provide an indication of the performance of the product. Purchasers should consider the suitability of each product for its intended use and the purchaser assumes all risks in connection with such use. Seller shall not be liable for damages in excess of the purchase price of the product nor for incidental nor consequential loss.
