

## Metamark M-PPF<sup>®</sup> XS

Self-Healing TPU Paint Protection Film

**Metamark M-PPF<sup>®</sup> XS** offers the ultimate protection to the factory paint finish. The optically clear ultra high gloss film gives resistance to contaminants, abrasion, scratches, stone chips, bird soiling, and daily wear. It is hydrophobic and has a self-healing, non-yellowing, top-coat technology. It is designed for use in zones 1 - 3, with a hard coating providing instant heal with gentle heat.

**Metamark M-PPF<sup>®</sup> XS** is protected by a cap sheet which should be removed before application and is covered by our 10 year MetaSure Warranty.

All of the Metamark Paint Protection Films use advanced TPU film technologies to ensure the highest level of performance.

**Performance you can trust**
